

Wide Range of PC Interfaces

Three additional interfaces are available. Two PC interfaces, LAN LXI and USB, are standard in DMM6500 and DAQ6510. In addition, field-installable interface options include a GPIB interface, an RS-232 interface, and the Keithley TSP-Link interface. All these options include six digital I/O ports for direct instrument-instrument synchronization and communication.

KTTI-TSP TSP-Link interface with 6 digital I/O ports.

KTTI-RS232 RS-232 interface with 6 digital I/O ports.

KTTI-GPIB GPIB interface with 6 digital I/O ports.
